To the best of my knowledge, this patient does not have prescription drug insurance coverage (including Medicaid, county funded, or other public programs) for the product(s) listed above. Janssen Ortho Patient Assistance Foundation (JOPAF) policy prohibits physicians from charging the patient any fee for enrollment or other activities associated solely with the patient's participation in this patient assistance program. JOPAF requests that physicians not charge the patient for those professional services associated with this regimen not covered by the patient's health insurer. No claim may be made to any third party payer (e.g., Medicaid, Medicare, private insurance, etc.) for payment for product provided under the Program. Also, these goods may not be sold or traded and may not be returned for credit. Please indicate that you agree to these terms by signing below.
